

IN SHAPE

By Dan Crow

Verse One

We like reading and we like math
And we like traveling the learning path
We like our teachers and we like our school
And we like following the golden rule

Chorus

In SHAPE!
That's the name of our school
In SHAPE!
We exercise our cool
In SHAPE!
We let our flags unfurl
In SHAPE!
We're from all over the world

Verse Two

Now we come from German and from the Ukraine
We come from Belguim and we come from Spain
We come from Turkey and we come from Greece
From France and America, we're all about peace

Chorus

Repeat Verse One

Chorus and out
