Chorus

I like SEOUL AmericanSchool
I love SEOUL American School
I go to SEOUL American School
I get an education and I'm feeling so COOL

turn reading into writing and I'm good at math
I gather all my knowledge on the learning path
I listen to my parents and my teachers too
and understand the meaning of the golden rule

Chorus

I'm a buddy who can study and I yearn to learn
I 'm helpful and respectful and I take my turn
I'm a dolphin who know the proper way to express
my school will give me all the tools to find success
